SOCIAL INTERNSHIP

DAY-01

Topic: What do you understand about the social internship?

My Understanding:

Social internship is a activity like helping in community centres, supporting social causes, organizing events, and assisting in various projects aimed at improving people's lives. It's a way to learn, contribute to the community, and build skills in a real-world setting. It's a way to learn and make a positive difference in society.

Planned activites: _

- 1.Yoga
- 2.Cleanliness and Hygiene
- 3.Study on Domain
- 4.No Plastic free activites
- 5.Creating own green spaces

Preparation Measures:

To successfully complete these activities, I need to:

1. Set clear goals and objectives for the internship phase.
2. Learn about the mission, values, and work of the organization where you'll be interning.
3. Review relevant literature on community development and social impact assessment.
4. Be open-minded, flexible, and ready to learn from the experience.
5. Schedule regular check-ins with my mentor to seek guidance and feedback on my progress.

Goals and expectations:

1. Gaining practical experience in applying theoretical knowledge to community projects.

2. Improving my teamwork and communication skills through collaborative efforts.
3. Contributing effectively to the project's success by fulfilling assigned tasks with diligence.
4. Gain practical experience in my field.
